

"My greatest regret is that we didn't start this program ten years ago." Principal

S2S program objective:

To provide the student who is relocating with the critical edge for a successful transition

What is the purpose of S2S?

- ▶ To rapidly meet the transitioning students' critical needs.
- ▶ To quickly bring transitioning students necessary and relevant information from a credible, relatable source: another student.
- ▶ To immediately establish a peer relationship thereby helping students to gain greater confidence, enhance their comfort level and increase their well being while they adjust to their new experiences.

Why does S2S work?

- ▶ S2S training meets real transitioning needs.
- ▶ S2S is timely.
- ▶ S2S leadership is provided by students.
- ▶ S2S curriculum is based in research and validated.

"This program is a huge benefit to all students. We use the material as a best practice for our district to showcase student connectivity." Counselor/S2S Sponsor

Focused on successful transitions
for all highly mobile students

S2S
student 2 student

An initiative of the Military Child Education Coalition®

The Student 2 Student Initiative (S2S) meets very real transitioning student needs with

- ▶ **immediate peer credibility**
- ▶ **positive peer relationships**, and
- ▶ **valued information**.

What is S2S?

A team from a school campus is trained in transition issues. The team returns to their home school to recruit and train others on methods to support students who are relocating to or from their school. The focus is student-centered, and is student-led with close supervision.

Three research-based modules are used for the training:

- 1 Academics:**
Requirements, Processes, Access, Eligibility
 Test assessments, progress reporting, programs and opportunities, enrichment support
- 2 Relationships:**
Acceptance, Attributes, Friendships, Trust
 Faculty/staff, groups, organizations, peers, local, on/off campus
- 3 Finding the way:**
Attention, Orientation, Appreciation, Campus, Community, Culture
 How we do business, the community, the campus, the culture, rules/policies, school documents, structures

Each team customizes the training specifically for its home site. Through the training, the team develops well-prepared local lesson plans and clear team assignments for implementation at their home campus.

Easing the Transition Challenge

Imagine being a school-age child waking up one morning realizing that you are in a strange new place, and, except for your family, you don't know anyone at all. You have no friends, you have no one to talk with and you know nothing about the school you are about to enter, the neighborhood you live in, and the community you just moved into.

Moving to a new place and adjusting to a new school, new teachers and finding new friends are daunting and scary experiences for most school-age children, especially if the child faces the experience more than once.

Believing that transitioning does not have to be difficult, "just different," S2S or Student 2 Student is a unique student-led, school managed program that confronts the challenges of transition and provides relevant training that gives students the best possible transition experience.

A team of volunteer students, supervised by a school counselor, teacher or other school staff person, trains inbound and outbound transitioning students on three subject areas: academics, relationships, and finding the way. For the incoming students the team provides a forum for students to quickly feel welcomed, comfortable, included and accepted into their new

school community. For the outgoing student, the team assists in helping outbound students better prepare for transitioning to another school.

S2S is a powerful program designed to help change a transitioning student's focal point from what the student has lost to what the student will gain through the relocation. S2S guides students through their uncertain surroundings, offering — from a peer viewpoint — valued information, friendship and assistance in three areas that matter most to transitioning students.

- How do I find my way around?*
- Who will I meet? How will I make friends?*
- What about my relationships?*
- What do I need to know about the academic requirements at this school?*

What are the needs of a transitioning student?

A transitioning student has some **very real needs!**

- ▶ A need to quickly receive and understand relevant information.
- ▶ A need for immediate positive peer relationships and someone to trust and talk with who can relate.
- ▶ A compelling need to feel welcomed, accepted and understood.
